# TUSHAR BHANOT

COMPUTER PROGRAMMER

## OBJECTIVE:

Recent graduate in computer programming seeking an entry-level position to apply my skills and knowledge in a professional setting, eager to contribute to innovative projects and grow as a programmer.

## EDUCATION:

***COMPUTER PROGRAMMING / MAY 2024 / GEORGIAN COLLEGE***

Completing my 2-year course in May2024 after finishing a 4 month coop starting from January.

## SKILLS:

Strong communication skills, both verbal and written with ability to simplify complex explanations.

Experience in collaborative coding environments emphasizing teamworking and communications.

Very punctilious and always willing to learn and open to feedback. Also, very attentive to the details.

## TECHNICAL SKILLS:

***PROGRAMMING LANGUAGES:***

Proficient in a versatile array of programming languages, including Java, Swift, C#, C++, and PHP. Possessing a solid foundation in object-oriented programming with Java, expertise in developing iOS applications using Swift.

### ***WEB DEVELOPMENT:***

Proficient in HTML and CSS for creating visually appealing web interfaces. Skilled in Node.js for building scalable server-side applications and utilizing EJS and HBS templates for dynamic web pages.

### ***SOFTWARE PROFICIENCY:***

Experienced in IntelliJ IDEA for efficient coding, Jira for project management, and GitHub for version control. Skilled at using npm for Node.js dependencies, and proficient with Visual Studio Code as a streamlined text editor.

## **LEADERSHIP ROLES:**

As a group leader for both Node.js and Swift projects, I played a pivotal role in overseeing the development of a Discord bot and an iOS task manager app, efficiently coordinating team efforts, delegated tasks, and ensured effective communication and timeline management, showcasing strong problem-solving skills and effective communication that contributed to the successful development of an iOS task manager app and the discord chatbot.

## **DEVELOPMENT TOOLS:**

Experience in using Visual Studio Code for developing amazing codes.

Experience with IntelliJ idea for creating amazing java codes.

Well efficient at using GitHub and GitHub desktop as a version control coding environment, host and collaborate with teams.

## **CONCLUSION:**

I am very excited to work with contribute my skills and knowledge to an innovative workplace and work alongside talented and skillful teams, while also trying to increase my knowledge and skills. I am confident that my skills will be a valuable

contribution. I look forward to an opportunity to work with you and discuss how my skills can align with your team.
